## **1 GENERAL INFORMATION**

The Company, formerly known as Shanghai New Asia (Group) Company, was established on 16 June 1995 as a wholly state-owned company with limited liability and has been directly under the administration and control of the State-Owned Assets Supervision and Administration Commission of Shanghai Municipal Government (“Shanghai SASAC”) or its predecessors. Pursuant to an enterprise reorganisation in June 2003, the Company was designated by Shanghai SASAC as a wholly-owned subsidiary of Jin Jiang International Holdings Company Limited (“Jin Jiang International”), which is also a wholly state-owned company directly under the administration and control of Shanghai SASAC. In September 2005, Jin Jiang International allocated its 5% equity interest in the Company to its wholly-owned subsidiary, Shanghai Jin Jiang International Investment and Management Company Limited (formerly known as Shanghai Huating Group Company Limited).

On 11 January 2006, the Company’s name was changed to its current name and the Company was converted into a joint stock limited company under the Company Law of the People’s Republic of China (the “PRC” or “Mainland China”) by converting its paid-in capital and reserves of Renminbi (“RMB”) 3,300,000,000 at 30 September 2005 into 3,300,000,000 ordinary shares of RMB1 per share.

On 15 December 2006 and 20 December 2006, a total of 1,265,000,000 ordinary shares of RMB1 per share newly issued by the Company through a public offer in Hong Kong and an international placing were listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). Accordingly, the share capital of the Company was increased to RMB4,565,000,000.

The address of the Company’s registered office is Room 316-318, No. 24, Yang Xin Road East, Shanghai, the People’s Republic of China.

## **2 BASIS OF PRESENTATION**

These unaudited condensed consolidated interim financial statements of the Group for the Period have been prepared in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the HKICPA. The unaudited condensed consolidated interim financial statements should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2006, which were prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”).

The accounting policies adopted are consistent with those of the consolidated financial statements for the year ended 31 December 2006 except that the Group has adopted the following new standards, interpretations and amendments to standards (collectively the “new/ revised HKFRS”) which are relevant to the Group’s operations and are mandatory for the financial year ending 31 December 2007.

The following new standards, amendments to standards and interpretations are mandatory for the financial year ending 31 December 2007.

HKAS 1 (Amendment)	Presentation of Financial Statements: Capital Disclosures
HKFRS 7	Financial Instruments: Disclosures
HK(IFRIC)-Int 7	Applying the Restatement Approach under HKAS 29 Financial Reporting in Hyperinflationary Economies
HK(IFRIC)-Int 8	Scope of HKFRS 2
HK(IFRIC)-Int 9	Reassessment of Embedded Derivatives
HK(IFRIC)-Int 10	Interim Financial Reporting and Impairment

The Group has assessed the impact of the adoption of the above new standards, amendments and interpretations and considered that there was no significant impact on the Group’s results and financial position nor any substantial changes in the Group’s accounting policies, whereas the adoption of HKAS 1 (Amendment) and HKFRS 7 requires additional disclosures relating to sensitivity analysis to market risk and the capital disclosures to be made in the annual consolidated financial statements.

The following new standards, amendments to standards and interpretations have been issued but are not effective and have not been early adopted. The Directors anticipate that adoption of these standards, amendments to standards and interpretations will not result in substantial changes to the Group’s accounting policies.

HKFRS 8	Operating Segments
HK(IFRIC)-Int 11	HKFRS 2 - Group and Treasury Share Transactions
HK(IFRIC)-Int 12	Service Concession Arrangements
HKAS 23 Revised	Borrowing Costs

## Business and Financial Overview

During the Period, the Group enjoyed steady development and continuous expansion in its businesses of Star-rated hotel operation, Jin Jiang Inn Budget Hotels, Star-rated hotel management and restaurant operations. As at the end of June 2007, the Group had 328 hotels (as at 31 December 2006: 277) in operation or under development with over 60,000 rooms (as at 31 December 2006: approximately 54,000), spreading across 29 provinces, autonomous regions, municipalities and 88 cities in China. Our hotel business network has been further expanded as we remained one of the leading hotel groups in the PRC in terms of scale measured by the number of hotel rooms. According to the latest ranking of global hotel groups announced by the HOTELS Magazine (the official publication of The International Hotel & Restaurant Association), the Group made its way into the world's top hotel groups as its ranking rose from the 22nd in 2005 to the 17th in 2006 in terms of the number of hotel rooms.

The Group is principally engaged in Star-rated hotel operation and management, budget hotel operation and franchising, restaurant operation, and other businesses. The Group is structured as a horizontally integrated hospitality services provider, offering hospitality services tailored to all segments ranging from budget accommodation to 5-star hotels. As at 30 June 2007, the Group's hotels in operation and under development, including: (i) hotels managed and owned (wholly

third parties, (iii) hotels owned by third parties but managed or where management contracts had been secured by the Group; and (iv) hotels owned by third parties but granted franchises by the Group amounted to 328 hotels with over 60,000 rooms in total. Hotel investments represented an important business model for the Group.

The Group achieved revenue of approximately RMB1,483,800,000 for the Period, which increased by approximately RMB33,200,000 or approximately 2.3% compared to the same period of 2006, despite: (a) the overall refurbishment of Peace Hotel and Peace Palace Hotel and the renovation of Jin Jiang Tower; and (b) the reclassification of New Asia Café de Carol, which used to be a jointly controlled entity of the Group and has become an associated company effective since 1 July 2006, such that its results ceased to be proportionately consolidated into the consolidated financial statements of the Group from such date.

The Group's financial information for the Period as compared with the same period of 2006 is set out as below:

#### **Segmental Turnover & Operating Cost**

##### ***Star-rated Hotel Operation***

Star-rated hotel operation is one of the major sources of revenue for the Group and Shanghai is the base of the Group's business, accommodating over 80% of our owned Star-rated hotels. According to the Shanghai Municipal Tourism Administrative Commission, over 20 new hotels of four-star rating or above will have commenced operation in Shanghai by the end of 2007. Increased supply resulted in lower average Occupancy Rate and room rates in Shanghai during the Period, as compared to the same period of 2006. With the exception of five-star hotels, all Star-rated hotels of the Group outperformed the average industry level of Shanghai in terms of both average Occupancy Rate and room rates, despite intensifying competition.

The overall refurbishment of Peace Hotel works, commenced during the first half of 2007, has been progressing smoothly. The Company appointed Hirsch Bedner Associates and Fairmont Hotel Inc. as design advisors and technical services consultant to formulate the overall refurbishment plan of Peace Hotel. The plan has been approved by the Shanghai and

refurbishment of Peace Hotel will continue to be carried out in accordance with planned schedules.

The overall repair and renovation works of Jin Jiang Tower commenced at the end of 2006 with ten storeys being closed floor by floor since January 2007 for major overhaul.

Refurbishment of other landmark and luxury hotels, such as Jin Jiang Hotel, Galaxy Hotel and Rainbow Hotel, being earmarked with use of proceeds from the initial public offering, will commence in succession.

Wuhan Jin Jiang, in which the Group held an effective interest of 75.16%, was ready for trial operations as at the end of June 2007 and is expected to be officially commissioned in the second half of the year. A brand new five-star hotel equipped with 400 rooms, Wuhan Jin Jiang is expected to become the Group's flagship in Central China as part of its nationwide strategic layout.

The following table sets out the Group's turnover attributable to the Group's Star-rated hotel operation analysed by business for the Period compared with the same period of 2006:

	Six months ended 30 June 2007		Six months ended 30 June 2006	
	<i>RMB million</i>	<i>Percentage of turnover</i>	<i>RMB million</i>	<i>Percentage of turnover</i>

— Rental revenue	<b>57.9</b>	<b>5.0%</b>	52.6	4.5%

<b>Total</b>	<b><u>1,162.9</u></b>	<b><u>100.0%</u></b>	<b><u>1,175.0</u></b>	<b><u>100.0</u></b>

#### *Accommodation revenue*

Turnover was mainly driven by Available Rooms, Occupancy Rate and average daily rate ("ADR") of the Group's hotels. The accommodation revenue of Star-rated hotel operation for the Period was approximately RMB668,900,000, which decreased by approximately 2.9% compared to the same period of 2006. The major reasons are as follows:

- (i) RevPAR of our Star-rated hotels generally declined amid strong market competition. The Company understands that, there is expected to be more than 20 luxury Star-rated hotels opening during 2007 in Shanghai with about 8,600 additional rooms. Meanwhile, the number of budget hotel operators also expanded quickly.
- (ii) Operations at Peace Hotel and Peace Palace Hotel were suspended for refurbishment in April 2007. Jin Jiang Tower closed down ten floors since January 2007 to facilitate a major renovation programme and the operations had been significantly affected by the reduced availability of rooms and renovation works.

The Group's food and beverage sales comprise primarily catering for weddings and conferences, room services for guests and other sales in bars and restaurants. Sales revenue from food and beverage sales at Star-rated hotels for the Period amounted to approximately RMB351,600,000, which did not change significantly compared to the same period of 2006 despite the refurbishment and renovation works of Peace Hotel, Peace Palace and Jin Jiang Tower.

#### *Rendering of ancillary services*

The revenue from rendering of ancillary services mainly represents the turnover generated from business centres, gift shops, telephone services, laundry services, broadband internet, entertainment and other guest services. The ancillary services revenue for the Period increased by approximately RMB3,000,000, or approximately 4.8% as compared with the same period of 2006.

#### *Rental revenue*

Turnover was generated from the leasing of space at the Group's hotels for shops, showcase and other purposes. The increase of approximately RMB5,300,000, or approximately 10.1% compared to the same period of 2006 was mainly due to the increase in rent and additional lease agreements entered into during the Period.

#### *Sales of hotel supplies*

Turnover was generated from guest amenities and hotel supplies. The increase of approximately RMB2,900,000, or approximately 15.5% compared to the same period of 2006, was contributed by improved sales following increased new franchises of Jin Jiang Inn Budget Hotels.

#### *Jin Jiang Inn Budget Hotels*

Jin Jiang Inn Budget Hotels remain the main focus of the Company. During the Period, the Group set up 10 Jin Jiang Inn Budget Hotels in which the Group had equity interests and 39 Jin Jiang Inn Budget Hotels under franchised arrangement. During the Period, 36 Jin Jiang Inn Budget Hotels commenced operations, including 19 in which the Group had equity interests and 17 under franchised arrangement.

There were 230 Jin Jiang Inn Budget Hotels (with approximately 32,000 rooms) in total by the end of June 2007 (compared to 181 Jin Jiang Inn Budget Hotels with approximately 26,000 rooms as at the end of 2006), of which 127 inns (with approximately 19,000 rooms) were in operation (compared to 91 Jin Jiang Inn Budget Hotels with approximately 13,000 rooms as at the end of 2006), and 103 inns were under development.

At present, the Jin Jiang Inn Budget Hotel network covers 70 cities in 26 provinces/autonomous regions/municipalities, including 129 inns in the Yangtze River Delta region accounting for approximately 55% of the total number of Jin Jiang Inn Budget Hotels. There are 59 and 14 Jin Jiang Inn Budget Hotels in Shanghai and Beijing, respectively, and expansion is set to continue to further reinforce the strengths of the Company in these two leading regional centres of China. In addition, the Jin Jiang Inn Budget Hotel network is now expanding into the Pearl River Delta region, the Tianjin Bohai gulf area and other secondary cities in the PRC.

hotels. Accommodation revenue of Jin Jiang Inn Budget Hotels was mainly driven by Available Rooms, Occupancy Rate and ADR. Turnover of Jin Jiang Inn for the Period amounted to approximately RMB279,200,000, which increased by approximately RMB76,400,000 or approximately 37.7% compared to the same period of 2006. The increase was mainly attributable to the increase in Available Rooms from 14 new Jin Jiang Inns which opened in 2006 and 19 new Jin Jiang Inns which opened during the Period; and the increase in initial franchise fees and ongoing franchise fees received from the Franchisees in consideration for the licence of brand name rights and the provision of technical and management services. Initial and ongoing franchise fees income for the Period amounted to approximately RMB16,700,000, representing an approximately 215.1% growth compared to the same Period of 2006.

### ***Star-rated Hotel Management***

As at 30 June 2007, the Group managed 94 Star-rated hotels (as at 31 December 2006: 92 hotels) with a total of 26,895 rooms, a net increase of 626 rooms compared to the end of 2006. These hotels were located in 46 cities spreading through 24 provinces, autonomous regions or municipalities in China. The Group will continue to develop hotel management operations that are in line with its long-term interests in various regions in China.

The cost management system developed jointly by the Company and other leading domestic suppliers to improve cost control will be further implemented at other hotels of the Group this year, following successful trial operation at Jin Jiang Hotel in 2006 that resulted in significant cost reductions.

The external sales of Star-rated hotel management for the Period increased by approximately 18.3% to approximately RMB22,600,000 compared to the same period of 2006, which represented the management fee received from hotel management services provided to Star-rated hotels not owned by the Group.

### ***Restaurants and others***

The Group's various brands of restaurant chains, held through Jin Jiang Hotels Development achieved satisfactory performance during the Period. As at 30 June 2007, KFC achieved a total number of 200 outlets, adding 9 new shops since the end of 2006. Since the end of 2006, New Asia Café de Carol had added 1 new outlets, taking the total number of outlets to 6. The number of outlets of New Asia Snacks remained at 67. Yoshinoya had added 3 new shops since the end of 2006 to take the total number of outlets to 11. In respect of Jing An Bakery, the number of outlets was 65 after adding 10 new shops since the end of 2006. Preparations for the opening of the second Chinoise Story in Wuhan was underway during the Period following the introduction of the brand in Shanghai in 2006.

Gross sales from restaurant operations decreased by approximately 90.7% to approximately RMB4,200,000 for the Period as compared with the same period of 2006. In the past, revenue of restaurants was mainly derived from fast food chain restaurants, namely New Asia Café de Carol, and an up-scale restaurant, namely the Chinoise Story. The former was regarded as a jointly controlled entity of the Group and its results were proportionately consolidated into

became an associated company effective from 1 July 2006. As a result, only revenue of the Chinese Story restaurant is currently reflected.

The Group also engages in other businesses including provision of inter-group financial services through Jin Jiang International Finance Company Limited, training and education and moon cake production business. This segment of revenue increased by approximately RMB6,100,000 or approximately 69.3% as compared with the same period of 2006, reflecting mainly growth in interests accrued on deposits in line with substantial increase in the balance of deposits with Jin Jiang International Finance Company Limited.

### **Cost of Sales**

The cost of sales for the Period and the six months ended 2006 were approximately RMB951,300,000 and RMB901,300,000, respectively i.e. increased by approximately 5.5%. The increase reflected mainly increased cost of sales, comprising property leasing expenses, depreciation costs, energy expenses and labour cost, in line with increased turnover following acquisitions and expanded services by Jin Jiang Inn.

### **Gross Profit**

For the above reasons, the Group recorded a gross profit of approximately RMB532,500,000 for the Period, representing a decrease of approximately RMB16,800,000 or approximately 3.1% compared with the same period of 2006.

### **Other Income**

Other income consists of dividends received from KFC in Suzhou, Wuxi and Hangzhou. In addition, the Group generated a profit of approximately RMB166,300,000 for the disposal of shares in Shanghai Pudong Development Bank and approximately RMB42,400,000 from the disposal of other equity investments during the Period. Accordingly, other income for the Period increased by approximately 585.1% to approximately RMB267,100,000 (same period of 2006: approximately RMB39,000,000).

### **Selling and Marketing Expenses**

Selling and marketing expenses, mainly comprising staff cost, travel agents commission and advertising expenses, increased by approximately 11.0% to approximately RMB77,600,000 for the Period (same period of 2006: approximately RMB69,900,000) mainly as a result of the growth in business referrals by travel agents and reservation centres.

### **Administrative Expenses**

Administrative expenses for the Period increased by approximately 24.0% to approximately RMB253,800,000 (same period of 2006: approximately RMB204,600,000), reflecting mainly the pre-operating expenses incurred for Wuhan Jin Jiang and Jin Jiang Inn.

The Group's other expenses, primarily consisting of bank charges and loss on disposal of property, plant and equipment, decreased by approximately 15.4% to approximately RMB12,800,000 (same period of 2006: approximately RMB15,200,000) for the Period.

### **Finance Cost**

This item represents interest expenses for the Group's bank borrowings. The interest expenses for the Period increased by approximately 76.6% to approximately RMB67,300,000 (same period of 2006: approximately RMB38,100,000). Costs increased as the Group reported foreign exchange losses of approximately RMB34,600,000 in respect of proceeds from the Company's initial public offering. The Group entered into a series of term structured forward exchange settlement and sales contracts with financial institutions to avoid significant fluctuations in exchange rates in view of the strong RMB and the strict requirements for foreign exchange settlement of proceeds from listing.

### **Share of Results of Associates**

This item represents mainly share of results of Shanghai Kentucky Fried Chicken Company Limited, an associated company of the Group. The share of results of associates for the Period, increased by approximately 16.8% to approximately RMB43,300,000 (same period of 2006: approximately RMB37,000,000). The growth was mainly attributable to the substantial increase in the profit of such company during the Period resulting in a profit contribution of approximately RMB37,000,000 (same period of 2006: approximately RMB27,000,000).

### **Taxation**

The effective tax rate was approximately 8.8% for the Period, compared to approximately 27.7% for the same period of 2006. The decrease was mainly due to the promulgation of new laws on enterprise income tax in March 2007, pursuant to which the income tax rate applicable to domestic enterprises would be reduced from 33% to 25% from 1 January 2008. Since the deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, the change in the applicable tax rate affects the determination of the carrying values of deferred tax assets and liabilities of the Group and accordingly, the income tax expenses decreased significantly.

### **Net Profit for the Period**

As a result of the factors described above, net profit for the Period attributable to equity holders of the Company was approximately RMB294,700,000 (same period of 2006: approximately RMB159,600,000), increasing by approximately RMB135,100,000 or approximately 84.6%.

The Group continued to dispose of its available-for-sale financial assets. During the Period, 6,000,000 shares of Shanghai Pudong Development Bank were disposed of, realising a gain of approximately RMB166,300,000 and the net gain after deducting income tax expense and minority interests amounted to approximately RMB126,200,000. As at 30 June 2007, the fair value of the Group's stock investments in the securities market not subject to selling restrictions was approximately RMB396,200,000, which represented significant value growth over their historical costs.

Besides, among the available-for-sale financial assets of the Group, equity in Changjiang Securities Company Limited ("Changjiang Securities") held by Jin Jiang Hotels Development represented approximately 7.12% of the total capital contribution of Changjiang Securities. Currently, Changjiang Securities and Shijiazhuang Refining and Chemical Co., Ltd. are proposing a merger by absorption. Upon the completion of the merger by absorption and share restructuring, Jin Jiang Hotels Development is expected to be interested in approximately 6.01% of Shijiazhuang Refining and Chemical Co., Ltd.'s issued share capital to become its fourth largest shareholder.

### **Gearing and Capital Commitments**

The gearing ratio, defined as total debts divided by total assets, decreased from approximately 19.2% as at 31 December 2006 to approximately 8.0% as at 30 June 2007.

As of 30 June 2007, the Group had approximately RMB125,100,000 in capital commitments (as at 31 December 2006: approximately RMB321,700,000) and has no significant contingent liabilities.

### **Events after the Period**

Shanghai Jiu Long Hotel Co., Ltd. ("Jiu Long Hotel") is a jointly controlled entity of the Company and the Company holds 55% of its equity interest. On 23 May 2007, the Board announced that the Company submitted to Shanghai United Assets and Equity Exchange information on the proposed transfer of its 44% equity interest in Jiu Long Hotel. Accordingly, the 44% of its equity interest in Jiu Long Hotel was classified as assets held for sale.

On 31 July 2007, the Company entered into a sale and purchase agreement and a supplemental agreement with Shanghai Greenland Commercial (Group) Co., Ltd. for the transfer of 44% of its equity interest in Jiu Long Hotel at a consideration of approximately RMB112,200,000. The Company expects that the disposal of the 44% equity interest in Jiu Long Hotel would realize a gain before tax of approximately RMB81,878,000.

The Group benefits from its strengths in hotel ownership and hotel management as one of China's leading hotel investors and operators. In its dual role as owner and manager, the Company is well-positioned to strengthen control over its hotels while realising potential value growth for its hotel properties. The key business strategy of the Group is to enhance future profitability through the redeployment of funds to rationalize the network and distribution of its hotels.

The Company has placed a strong emphasis on communications with its strategic investor since its listing. Regular meetings were scheduled with Starwood Capital Group Global LLC. as agreed, whereby mutual discussions were held to explore a variety of options for future cooperation.

The Company will strive to secure more management contracts and franchise contracts. Besides, the Company will continue to increase the number of hotel rooms through expansion of the Jin Jiang Inn network and acquisition and merger of existing hotel properties in operation in the market.

The expansion plan of Jin Jiang Inns remains unchanged. The Company expects the number of Jin Jiang Inn Budget Hotels to increase to approximately 600 by 2010 (including about 400 inns in operation and approximately 200 inns under development).

The Company will continue to enhance its core competitive strengths in brand name, network, human resources and management systems.

#### **Purchase, Redemption or Sale of Listed Securities**

During the Period, the Company had not redeemed any of its listed securities, and neither the Company nor any of its subsidiaries had purchased or sold any of the Company's listed securities.
